

Routing Assistant Transport

FLEMISH BRABANT

External Description

□ **About the Role:**

As a Routing Assistant Transport, you will coordinate international air transport for letter mail and parcels, ensuring smooth logistics between domestic and foreign markets. You'll act as a key liaison between postal and private transport companies, optimizing routes and managing operational transport needs.

□ **Key Responsibilities:**

- Analyze customer transport needs and propose tailored solutions
- Manage procurement, supplier selection, and airline negotiations
- Oversee international transport operations, ensuring efficiency and compliance (CMR, IATA, customs)
- Maintain daily contact with transport partners and resolve operational issues
- Optimize transport plans based on cost, quality, and performance
- Manage transport data and support policy development for route management

□ **Who You Are:**

- Bachelor's degree with 2-3 years of experience in logistics or transport
- Fluent in English + one national language (Dutch/French)
- Strong knowledge of international transport regulations (IATA, CMR, customs)
- Proficient in transport management systems and data analysis
