

Internal Audit Manager

BRUSSELS

External Description

Audit Manager

bpostgroup strives to create an inclusive environment with challenging projects and inspiring collaborations. With our employees at the heart of our organization, we don't believe in jobs, we believe in careers. We're now looking for a financial controller who will make us move.

As an Audit Manager, reporting directly to the bpostgroup Corporate Audit Director, you influence the development and strategy of internal audit, both in assurance and advisory services, across all activities of the bpostgroup. In particular, you will be directly responsible for organizing and supervising audit assignments of our Third-Party Logistics and Global Cross-Border activities, which will give you the opportunity to travel across the organization worldwide (up to 15% of your time, primarily in Europe and North America). Overall, as a bpostgroup Audit Manager, you continuously ensure the added value of the audit and advisory activities and identify risk areas that could jeopardize the achievement of bpostgroup's strategic objectives. This role includes the direct supervision of a team of up to 10 people, with (Senior) Auditors, Audit Practice Leaders (focusing on Advisory services) and a regional Audit Manager (located in North America).

Your mission:

Definition and Implementation of Internal Audit Strategy: Lead internal audits (assurance and advisory) while ensuring quality and execution efficiency. Adapt audit methodologies to enhance effectiveness and address emerging risks.

Internal & External Reporting and Planning: Provide structured reporting to the Audit Committee, ExCo, and Senior Management on audit recommendations, compliance reviews, budget, plan progress, issues, action plans, and resource needs. Guide management and auditors in project follow-up, highlighting planning challenges and proposing solutions.

Comprehensive Audit Program Management (Assurance & Advisory Services): Define the annual audit plan, allocate resources and skills, analyze risks, regularly review the audit scope and methodology, ensure high-quality audit reports, provide high-value recommendations, drive improvements, lead high-impact special audit assignments, foster change through regular communication with Senior Management, and oversee both assurance and advisory audits.

Stakeholder Coordination: Maintain a strategic dialogue with the Audit Committee, ExCo, and Senior Management to ensure audits align with the company's objectives.

Team Management & Development: Lead, motivate, and develop a high-performing team of auditors, fostering innovation and operational excellence.

Recommendation Follow-up & Compliance: Ensure the implementation of audit recommendations through quarterly follow-ups and maintain compliance with international standards.

Collaboration with Risk Management: Regularly adapt audit methodology to align with the company's risk management framework.

Quality Assurance Reviews (QAR): Conduct at least one annual Quality Assurance Review of internal audits (both assurance and advisory) to ensure independence, objectivity, correct application of audit methodology,

and compliance with the standards set by the Institute of Internal Auditors.
