

Global Buyer ICT

BRUSSELS

External Description

Procurement - Global Buyer ICT

Context

Our procurement team is evolving into a high-impact procurement organisation that develops as a strategic partner for the business. In this evolving context, we are recruiting a Global Buyer ICT who will help realise this transformation for both, domestic and international needs.

You will report to the Category Manager ICT and be responsible for the strategic procurement activities in this category.

Your Mission

You will provide guidance, tactical support and strategic advice to the entire organisation on matters related to ICT procurement. You will use market knowledge and Strategic Sourcing strategies when contracting suppliers. You comply with the Public Procurement Legislation, internal rules and procedures related to procurement. You negotiate and conclude these contracts by using the techniques of Strategic Sourcing in accordance with the Category Plans prepared by the Category Managers.

Within the scope of ICT are various domains of bpost: Outsourcing Services, Software & Applications, , Telecom Services, Client Devices and Cloud hyperscalers & Infrastructure Services. You manage procurement projects of various sizes within the Category in cooperation with a cross functional team.

Tasks and responsibilities

Strategic Sourcing

You work around the implementation of all aspects of the category strategy including setting up a strategic planning, a sourcing roadmap and exercising stakeholder management for projects you are assigned on;

You perform strategic sourcing for your (sub)categories with a focus on TCO optimisation and a deep understanding of the needs of the internal customers and bpost targets;

You are responsible for the implementation, management and optimisation of framework agreements and the execution of spot buys;

You maintain supplier relationships for the realisation of TCO optimisation including the implementation of improvement plans of the supplier performance.

Continuous Improvement

Ensure the implementation of your sourcing strategy happens in the most efficient way and focusses on

improving the buying capacity of the procurement organization.

Supplier and customer relations

You advise, challenge and support the internal customer in defining their needs, drawing up the budget and planning their procurement project. You communicate fluently and proactively with the internal customer regarding all information they need in that context (Stakeholder management). You maintain relationships with suppliers, prospect the market and evaluate existing suppliers in order to identify new opportunities for bpost within your procurement domain.

Your Profile

In your role of ICT Global Buyer, you are clearly a dynamic team player who combines a solid procurement expertise with strong interpersonal skills.

We highlight the following assets:

- At least 8 years of experience in tactical & strategic procurement or a related role in a large company;
- Motivated to drive transformation in a dynamic environment;
